

DashLabs LLC Capability Statement

EdTech | eLearning | Training | Instructional Systems Design Curriculum | Virtual Learning Environments | AI | 508 Compliance

Founded in 2011 as Manic Media Group LLC, DashLabs LLC relaunched under its new name in 2020, carrying over more than a decade of knowledge and expertise supporting the Federal government, NGOs, nonprofit organizations, and private sector clients with a global community of end-users reaching across 192 countries.

Our business model allows for rapid development, with a production approach modeled after the automotive industry in an effort to reduce waste, optimize resource utilization, and adjust quickly as new and unpredictable needs present themselves.
